

# TARUN SEN BEHERA

## Computer Science Engineer

📞 +91 6281978047 @ tarunbehera10@gmail.com 🌐 github.com/tarunbehera7 📍 Hyderabad, India

## SUMMARY

I am a Computer Science Engineering graduate with a strong passion for web design and a solid foundation in full-stack development. Eager to apply my skills in the IT industry, I have successfully completed projects in various domains including web applications and data management. My experiences from hackathons and internships have strengthened my problem-solving abilities and creative thinking.

## EDUCATION

### B.Tech

#### Hyderabad Institute of Technology And Management

📅 08/2018 - 06/2022 📍 Hyderabad, India

### 12th

#### Kendriya Vidyalaya AFS Hakimpet

📅 04/2017 - 03/2018 📍 Secunderabad, India

### 10th

#### Kendriya Vidyalaya Hasimara

📅 04/2015 - 03/2016 📍 West Bengal, India

## EXPERIENCE

### GIS Executive

#### Spatialhawk Geoinformatics Pvt Ltd

📅 11/2023 - 04/2024

GIS services provider focusing on geoinformatics.

- Utilized tools like QGIS and ArcGIS to analyze and visualize spatial data, delivering actionable insights.
- Built and maintained GIS databases, ensuring high data integrity and seamless integration with IT systems.
- Collaborated with development teams to design custom GIS applications and automate geoprocessing tasks using Python and SQL.
- Researched and implemented cloud-based GIS platforms and AI-powered geospatial analysis to offer innovative solutions.

### Intern

#### ESIC Medical College

📅 02/2020 - 02/2020

Internship program at a medical college.

- Assisted in designing the front-end interface for the feedback system at ESIC Hospital, ensuring a user-friendly and responsive layout.

#### Aikya National Level Hackathon

📅 02/2020 - 02/2020 📍 SNIST College

National level hackathon focused on innovative tech solutions.

- Participated in the hackathon and built the front end of the web portal using HTML, CSS, and Bootstrap.
- The portal enables farmers to directly sell their crops to customers.

## TRAINING/ COURSES

### The Web Developer Bootcamp 2023

#### Udemy

📅 11/2022 - 07/2023

### Full Stack Java Developer

#### ExcelR Solutions

📅 05/2024 - 02/2025

## SKILLS

HTML

CSS

Bootstrap

JavaScript

React

MySQL

Java

Spring

SpringBoot

VS Code

Eclipse

## PROJECTS

### Nike Clone

Developed a responsive Nike clone website.

- Build a responsive website clone of Nike using HTML, CSS and JavaScript.
- Added features like a dynamic product section, and shopping cart system and video background.
- Focused on responsive design and cross-browser compatibility.

### Weather App

Web-based weather application.

- Created a weather app using HTML, CSS, and JavaScript.
- Displays current weather and forecasts for specific cities.

### Sahay

Project focused on creating a digital admission platform.

- Developed an online Admission Portal using MySql & PHP for data collection.
- This portal helps to store student information for future references.
